EXPERIENCE

During the intensive 9-week Bootcamp I have learned HTML, CSS, JS, ES6, PostgreSQL, SQL, Active Record, Git, Github, Ajax, working with APIs JSON and XML, MVC architecture, Ruby, and Ruby on Rails. During the course I have completed the following projects:

Bookclub: I worked as the lead developer on this project, and within a team, designed and implemented this web app that is aimed at providing book lovers a remote book club experience.

Schoolgoal: In a team of 4 and within a week we launched an app for connecting tutors with students on an Airbnb like site using Figma, HTML, CSS, Ruby on Rails, and Heroku.

Mr. Cocktail: An app primarily built on Ruby on Rails, CSS, and HTML

CAREER BACKGROUND

TEACHER

Huelva & Murcia, Spain | September 2018 - June 2020

Developed project based plans to meet intellectual and social needs of students while also establishing rules for behavior and maintaining order in the classroom. I worked with students in a bilingual setting with multiple subjects.

ELEMENTARY TEACHER

Bangkok, Thailand & Saigon, Vietnam | April 2015 - May 2018

I taught elementary students English in a fun and game oriented fashion and implemented interactive learning mediums to increase student understanding of the course

EDUCATION BACKGROUND

LE WAGON BOOTCAMP, MEXICO

Full Stack Web Developer, October 2020 - December 2020

UNIVERSITY OF KANSAS

BA History (3.2 GPA) | Graduated May 2014
